### 70,000 FOR CLEVELAND IN NEW YORK.

### Big Plurality for the Ex-President in This City.

### RETURNS OF THE VOTES.

### The Empire City's Indorsement of Its Illustrious Citizen.

### REPUBLICANS ARE AMAZED.

### Gilroy Elected Mayor by a Tremendous Majority.

### CLEAN SWEEPS OF THE CITY.

### Congressional, Senatorial, Assembly and Aldermanic Winners.

The Democratic ticket has made almost a clean sweep in New York and Kings Counties. The plurality for Mr. Cleveland has exceeded the expectations of many of his most sanguine supporters, and insures the electoral vote of the Empire state for the ex-president. The entire congressional slate has been elected in New York, all the Democratic State Senators up to the very last elected, and it is probable that twenty-eight of the thirty Assemblymen are Democrats.

Mr. Cleveland's plurality in this city will be above 70,000, and that of Mr. Gilroy for Mayor will be a little less.

At 7:45 o'clock the returns from the Twenty-fourth Assembly District, which has always been a Republican stronghold, showed that the District had gone Democratic, electing a man who can against sum time be a member of Congress.

This is the district in which Jay Gould, Weller, Head, William K. Vanderbilt, Russell Sage, and F. T. Shepard and others of the illustrious Republicans live. It is also the district into which Mr. Cleveland only recently moved.

The Partition Line in the second senatorial district gave a most surprising result. When the vote was counted it was found that Cleveland had 1,061,382 votes, while his opponent had 1,060,404.

Mr. Gilroy, chairman of the Democratic National Committee, said they all indicated a new trend Cleveland will carry County, and that returns from New York state are a Democratic victory.

What made Mr. Gilroy more satisfied was the fact that Thirtieth, Thirty-first, and Thirty-second districts all gave him a majority.

The Sixteenth Assembly district completes Cleveland's 46-0 sweep.

Hennepin County has given Cleveland a majority of 18,000, a gain over Folsom's vote last year of 200.

The Thirtieth Assembly District complete gives Cleveland 46-0 sweep.

The first Assembly District completes gives Cleveland 46-0 sweep.

The first return from an election district in the city was announced at 4:45 p.m. It was the Thirtieth Assembly District of the sixteenth Assembly District. The figure was Cleveland, 1,020; Harrison, 961; Weaver, 2; Wing, 51; Bidwell, 81.

Returns soon began to come in more rapidly and at 6 o'clock the indications were that Cleveland's plurality in this city would exceed 200,000 votes.

At 6:30 o'clock returns from 200 election districts gave Cleveland 26,107; Harrison, 14,314; Weaver, 345; Wing, 775; Bidwell, 181.

Higway made a good run and will not fall far behind the National Democratic ticket.

election of 70,000 plurality for Cleveland became more than a hope in the minds of Democrats, and succeeding figures did not dampen their enthusiasm.

There are indications that on the vote for Mayor Mr. Gilroy will run slightly ahead of the statement by bulletins:

7:45-200 election districts give Gilroy 39,451; Einstein, 22,568; Bogardus, 633; Jones, 1,232; Hicks, 588.
